### Introduction

The Ontario Quarterly Finances contains updated information about Ontario’s 2015–16 fiscal outlook, including updated information about the major components of revenue and expense as set out in the 2015 Budget.

### Section A: 2015–16 Fiscal Outlook

---

The government is projecting a deficit of \$8.5 billion in 2015–16, unchanged from the 2015 Ontario Budget. This deficit outlook, if achieved, would be the lowest deficit level since the 2008–09 global recession.

The 2015 Ontario Budget reaffirmed the government’s commitment to take a deliberate and thoughtful approach to eliminating the deficit by 2017–18. The government’s path to a balanced budget is based on managing growth in program spending and maintaining the integrity of Provincial revenues, while continuing to make investments that grow the economy and create jobs.

The Ontario economy continues to grow in a challenging global environment. Since the 2015 Ontario Budget, the forecasts for 2015 growth in Ontario, the rest of Canada and the United States have been reduced. Most of the downgrade in growth prospects is due to a weak start in 2015. Forecasters remain generally optimistic about future Ontario growth, in line with the 2015 Budget assumptions.

*Note: Numbers may not add due to rounding.*

The outlook for Provincial program expense, at \$120.5 billion, is unchanged from the 2015 Budget Plan — reflecting the government's commitment to manage growth in spending. The 2015–16 outlook continues to include a program review savings target of \$500 million, which will be delivered through the government's efforts to transform programs and modernize government.

The Province's interest on debt expense forecast, at \$11.4 billion, is unchanged from the 2015 Budget forecast.

The 2015–16 outlook also maintains a \$1.0 billion reserve along with contingency funds to protect the fiscal outlook against adverse changes in the Province's revenue and expense, including those resulting from changes in Ontario's economic performance.

Ontario's net debt-to-GDP ratio is expected to peak at 39.8 per cent in 2015–16, consistent with the forecast in the 2015 Ontario Budget and lower than the 40.8 per cent forecast in the 2014 Ontario Budget.

Further details on the Province's fiscal plan, including final results for 2014–15, will be provided in future fiscal updates.

## Section B: Details of In-Year Changes

---

### Revenue

The 2015–16 revenue outlook, at \$124,390 million, remains unchanged from the 2015 Budget.

There are downside risks around the revenue outlook related to the weak start to economic growth in 2015. There are both upside and downside risks around the revenue outlook related to personal and corporate income tax assessments for past years and related to continued uncertainty over global economic growth. The government will continue to monitor economic and revenue developments and will provide further details in future fiscal updates.

### Total Expense

The 2015–16 total expense outlook, at \$131,902 million, is unchanged from the projection in the 2015 Budget. Key changes to ministry expense projections since the 2015 Budget are all fiscally neutral and they include:

- ◆ A transfer of \$3.0 million from Treasury Board Secretariat to the Ministry of Citizenship, Immigration and International Trade for advertising and media buying expenses for the 2015 Action Plan to Stop Sexual Violence and Harassment.
- ◆ A transfer totaling \$1.2 million from the Ministry of Tourism, Culture and Sport to the Ministry of Citizenship, Immigration and International Trade, Ministry of Aboriginal Affairs, Ministry of Transportation, Ministry of Education and Ministry of Economic Development, Employment and Infrastructure for promotion, celebration and legacy initiatives for the Pan/Parapan American Games. Funding supports the development of the volunteer program, implementation of the Aboriginal Communities Youth Project, cycling skills training programs, school-based programs and a North South Business Forum.
- ◆ A transfer totaling \$1.9 million from the Ministry of Children and Youth Services to the Ministry of Education, the Ministry of Citizenship, Immigration and International Trade, and the Ministry of Tourism, Culture and Sport to support the next phase of Ontario's Youth Action Plan.
- ◆ A transfer of \$1.0 million from the operating contingency fund to Cabinet Office for Ontario's contribution to the Red Cross to support relief efforts following the earthquake in Nepal.

Interest on debt expense is unchanged. The projected cost of borrowing is consistent with the 2015 Ontario Budget, as interest rates remain in line with the Budget forecast.

## **Fiscal Prudence**

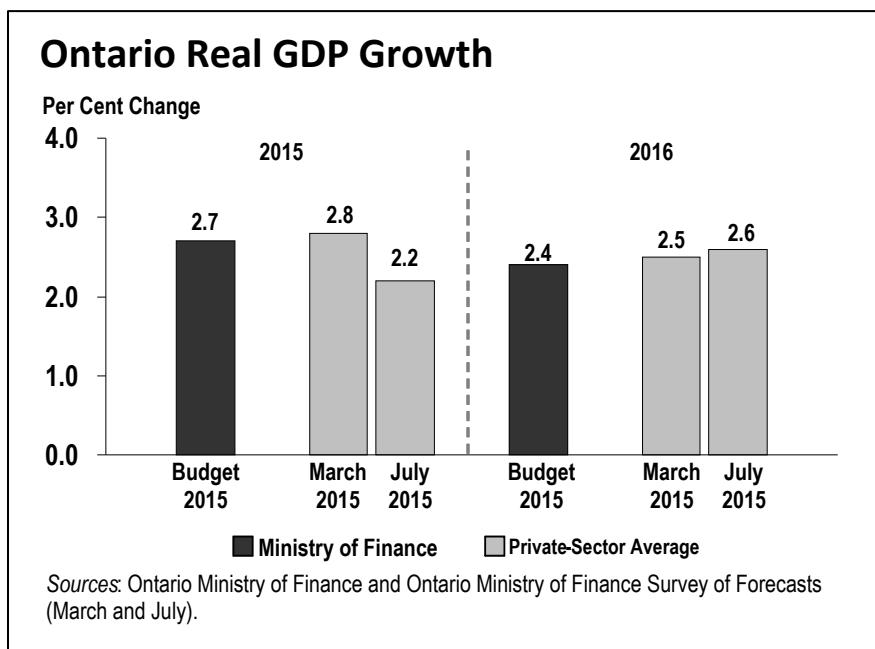

The 2015 Budget included a \$1.0 billion reserve in 2015–16 to protect the fiscal outlook against adverse changes in the Province’s revenue and expense, including those resulting from changes in Ontario’s economic performance. The current fiscal outlook maintains the full reserve.

The current outlook also maintains contingency funds to help mitigate expense risks — particularly in cases where health and safety may be compromised or services to the most vulnerable are jeopardized — that may otherwise negatively impact Ontario’s fiscal performance.

## Section C: Ontario's Economic Outlook

---

The Ontario economy continues to grow in a challenging global environment. Expectations for global economic growth remain moderate, but uneven. In July, the International Monetary Fund's *World Economic Outlook Update* projected growth for the world economy of 3.3 per cent, slightly below the forecast at the time of the Budget. The average forecast for 2015 real GDP growth in the United States, Ontario's largest trading partner, has declined from 3.1 per cent at the time of the 2015 Budget to 2.4 per cent.

As of July 31, 2015, private-sector forecasters, on average, project Ontario real GDP will increase by 2.2 per cent in 2015, down from a 2.8 per cent increase expected at the time of the 2015 Budget. Private-sector forecasts for Ontario real GDP growth in 2016 have increased slightly, averaging 2.6 per cent, up from 2.5 per cent at the time of the Budget.

## Section D: Economic Performance

---

### Ontario Real GDP

- ◆ In the first (calendar) quarter of 2015, Ontario's real GDP edged down 0.1 per cent, or 0.2 per cent annualized, following a 0.6 per cent increase, or 2.3 per cent annualized, in the fourth quarter of 2014. Ontario's real GDP in the quarter was 8.5 per cent above its pre-recession level.

### Labour Market

- ◆ Ontario employment increased 0.4 per cent in the second quarter of 2015, following a 0.1 per cent decline in the first quarter. As of June 2015, Ontario employment increased by 295,600 net jobs, or 4.4 per cent, above the pre-recession peak reached in October 2008.
- ◆ The unemployment rate was 6.5 per cent in June 2015, the lowest rate since September 2008.

### Retail Sales

- ◆ Ontario retail sales over the first two months of the second quarter grew 2.4 per cent above the first quarter average. On a year-to-date basis, retail sales were up 4.1 per cent over the first five months of 2015, compared to the same period in 2014.

### Inflation

- ◆ The Ontario Consumer Price Index (CPI) rose 0.9 per cent (year-over-year) in the second quarter of 2015. Lower energy prices contributed to the modest pace of inflation in the quarter.

### Housing Market

- ◆ Ontario home resales advanced by 9.7 per cent in the second quarter of 2015, after edging down 0.8 per cent in the previous quarter. On a year-to-date basis, Ontario home resales were up 12.2 per cent over the first six months of 2015, compared to the same period in 2014.
- ◆ Ontario housing starts increased 22.0 per cent in the second quarter, following a decline of 3.7 per cent in the previous quarter.

## Manufacturing Sales and International Exports

- ♦ Ontario manufacturing sales over the first two months of the second quarter edged down 0.1 per cent compared to the first quarter average. On a year-to-date basis, manufacturing sales were down 0.5 per cent over the first five months of 2015, compared to the same period in 2014.
- ♦ Ontario international goods exports (on a customs basis) increased 0.9 per cent in the second quarter of 2015. On a year-to-date basis, international goods exports advanced 8.7 per cent over the first six months of 2015, compared to the same period in 2014.
