Health Privacy

Requests by the public under PHIPA

There were 117,595 requests for access to personal health information received in 2024, an 11.8 per cent increase from 2023, when there were 105,163 requests received.

OUTCOME OF REQUESTS COMPLETED*

	Number of requests completed*
Full access provided	108,146

Partial access provided: no record exists or cannot be found	228
Partial access provided: record outside of PHIPA	5
No access provided: provisions applied to deny access	2,727
No access provided: no record exists or cannot be found	2,496
No access provided: record outside of PHIPA	11
Other completed requests, e.g. withdrawn or never accessed	3,971
TOTAL REQUESTS	117,817
Number of requests that were not accessed following a fee estimate	738
Number of requests denied access in whole or in part where a provision of PHIPA was applied	2,960

**Requests, especially complex ones, may have more than one outcome disposition. For example, some of the records responsive to a request may be partially accessed with provisions applied while others may not exist or cannot be found. Such a request has multiple outcomes and therefore could be counted more than once in this table. Thus, the total of this table may be greater than the total number of requests completed.*

For example, some of the records responsive to a request may be partially accessed with provisions applied, while others may not exist or cannot be found. Such a request has multiple outcomes and therefore could be counted more than once in this table. Thus, the total of this table may be greater than the total number of requests completed
